

PUBLIC RELATIONS OFFICER

OUR PROJECT

Our mission at Innovived is to bring biology and technology together. We aim to establish and contribute to innovative projects within the field of biomedical engineering and to organize events that focus on knowledge transfer to future scientists. We believe that by creating a bridge between biology and technology, applications with great potential are made possible. The main focus during the coming year(s) lies on creating innovative applications in the life sciences sector with the aid of 3D printing technologies on the one hand and the organisation of educational STEM activities for pupils on the other hand.

THE FUNCTION

As a public relations officer, your main responsibility is to monitor the publicity of our team. You will have to use all forms of media and communication to reach students and businesses. Maintaining and updating information on our website and social media sites such as Facebook and LinkedIn is your job. You will be in charge of writing and preparing newspapers, brochures, flyers, promotional videos, articles, case studies etc. in order to increase the visibility of the team. Together with the team leader, business relations officer and financial & legal manager, you will have to work on the annual report. The PR officer is also responsible for the organisation of events throughout the year including partner events, STEM activities and recruitment events.
